

Job Description - Full Stack Developer (5+ Years Experience)

Job Summary

We are seeking a highly skilled Full Stack Developer with 5+ years of professional experience in designing, developing, and maintaining modern web applications. The ideal candidate should be proficient across frontend, backend, databases, APIs, cloud deployment, and software architecture.

Experience

Minimum 5 years of relevant software development experience.

Employment Type

Full-Time

Location

On-site / Hybrid / Remote (Based on company policy).

Roles & Responsibilities

- Develop scalable web applications.
- Build responsive UIs using React.js, Next.js, HTML5, CSS3, Tailwind CSS, JavaScript and TypeScript.
- Develop backend services using Node.js, Express.js and/or Python (FastAPI/Django).
- Design and optimize MongoDB, PostgreSQL or MySQL databases.
- Build REST APIs and integrate third-party APIs.
- Implement authentication, authorization and security best practices.
- Write clean, maintainable and well-tested code.
- Participate in code reviews and Agile development.
- Deploy applications using Docker and cloud platforms.
- Troubleshoot production issues and optimize performance.

Technical Skills

Frontend: React.js, Next.js, HTML5, CSS3, JavaScript, TypeScript, Tailwind CSS.

Backend: Node.js, Express.js, Python (FastAPI/Django).

Database: MongoDB, PostgreSQL, MySQL.

Cloud & DevOps: AWS/Azure/GCP, Docker, CI/CD, Git, GitHub.

APIs: REST, GraphQL (preferred).

Authentication: JWT, OAuth.

Preferred Skills

Redis, Microservices, WebSockets, AI integrations, Linux, Nginx, Kubernetes.

Education

Bachelor's degree in Computer Science, Information Technology or equivalent experience.

Soft Skills

Excellent communication, leadership, analytical thinking, mentoring, collaboration and problem-solving.

Benefits

Competitive salary, health insurance, paid leave, performance bonus, flexible work options, learning budget and career growth.

Selection Process

Resume Screening → Technical Assessment → Technical Interview → Managerial Interview → HR Discussion → Offer & Onboarding
